PRODUCT DETAIL

## 18-200mm f/3.5-5.6G ED-IF AF-S DX VR II Zoom-Nikkor

### MAJOR FEATURES

- Offers broad 18-200mm focal range for use in a variety of situations (equivalent to a 27-300 lens in 35mm format)
- VR II system offers the equivalent of using a shutter speed 4 stops faster
- Two ED glass and three aspherical lens elements minimize chromatic aberration, astigmatism and other forms of distortion, while ensuring high resolution and contrast
- Incorporates a SWM (Silent Wave Motor) for fast quiet focusing
- Delivers high-level optical performance—designed for use exclusively with Nikon DX format digital SLRs
- Employs a seven-blade rounded diaphragm opening that achieves a natural blur for out-of-focus elements
- Enables focusing from as close as 50cm (20 in.) from the subject through its entire focal range
- M/A mode for rapid switching between autofocus and manual focus operation
- Internal focusing (IF) design for smoother focusing improved balance
- Nikon Super Integrated Coating (SIC) offers superb color reproduction while minimizing ghosting and flare
- Flower-shaped Lens Hood HB-35 (provided) greatly reduces stray light
